YEAR-END ACCOUNT STATEMENTS/MULTIPLE FORM 1099s

This statement reflects only business conducted with your financial professional during the time LPL Financial acted as broker-dealer. If you transferred an account to LPL Financial from another broker-dealer during 2024 your previous firm(s) should send you one or more Form 1099s summarizing any reportable account activity that took place before your account was transferred to LPL Financial. If your account was converted from Pershing or a different clearing firm during 2024, you may also receive one or more Form 1099s from those clearing firms. Please be sure to include all Form 1099s when completing your tax returns.

IMPORTANT INFORMATION ABOUT PURCHASE COST AND INVESTMENT GAIN/LOSS

When Purchase Cost is shown on an account it equals the Cost Basis of Equities and Mutual Funds acquired since your account was established with LPL, less any reinvested dividends and interest. The associated Investment Gain/Loss equals the current market value of all shares owned less the purchase cost.

POLICY FOR BENEFICIARY ACCOUNTS

Beneficiaries must open an account to receive any securities or cash from a deceased client's account. Please visit lpl.com > Disclosures > LPL Educational Resources > Financial Transfer Of Benefits Related To Death to learn more.

SETTLEMENT FEE

LPL passes through certain regulatory fees incurred by LPL as a result of executing the transaction on your behalf. This includes fees charged under Section 31 of the Securities Exchange Act for sell transactions in equities and options.

NON-TRANSFERABLE SECURITIES THAT ARE WORTHLESS

As part of our continuing effort to provide exceptional service, please be advised that LPL Financial will remove any non-transferable securities that are worthless from customer accounts. Your account may or may not be affected. Should you have any questions or concerns, please contact your financial professional.

ESTIMATED ANNUAL INCOME (EAI) AND ESTIMATED YIELD (EY)

EAI is calculated by taking the indicated annualized dividend and multiplying by the number of shares owned. EY is calculated by taking the EAI and dividing by the aggregate value of the shares owned. If no dividend information is available, no EAI or EY numbers will be generated. EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. Additionally the actual dividend or yield may vary depending on the security issuer's approval of paying the dividends. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

IRA CONTRIBUTIONS

When contributing to your LPL Financial Individual Retirement Account (IRA), be sure to include the following two items in your check's memo field:

- 1) The year for which you are contributing, and
- 2) Your account number.

If no year is indicated, we will designate the contribution as being made for the current calendar year. For Rollover IRA contributions please include a completed IRA contribution form to ensure proper tax reporting.

Investors may contribute each year to a Traditional IRA and a Roth IRA; however, the contribution for 2024 for all IRAs combined generally must not exceed \$7000 (\$8000 for investors 50 years old or older) or 100% of compensation, whichever is less. Married couples may contribute up to \$14,000 (\$16,000 for investors 50 years old or older) or 100% of compensation; whichever is less, provided total contributions to each spouse's IRA (s) do not exceed \$7000 (\$8000 for investors 50 years old or older).

For 2025, IRA contribution limits will remain unchanged at \$7000 (\$8000 for investor 50 years or older).

Please consult with a tax advisor regarding eligibility. If you have additional questions, please contact your financial Professional.

IMPORTANT TAX INFORMATION FOR LPL RETIREMENT ACCOUNTS

Please carefully review all distribution and contribution information, as well as assets listed on this account statement to ensure accuracy. Please immediately report any discrepancies to your financial Professional. If you received retirement account distributions for 2024, we will mail your form 1099-R to you by January 17, 2025. If you made an IRA contribution for 2024, we will mail your Form 5498 to you by May 31, 2025. Messages From LPL Financial (continued)

NOTICE OF AMENDMENT TO STRATEGIC ASSET MANAGEMENT ("SAM") FORM ADV

LPL Financial's SAM Program Brochure has been updated to provide that LPL will accept revenue sharing fees for assets held in retirement accounts, to the extent permitted by applicable law, including ERISA. This conflict is mitigated insofar as the revenue sharing payments LPL receives are not shared with the LPL advisor who selects or recommends the investment products for your account. In addition, any advice from your LPL advisor must comport with LPL's policies and procedures and the applicable standard of care. To view the complete SAM Program Brochure, please search "Account Agreements and Account Packets" on lpl.com.

ADVISORY FEES

The Advisory Fees shown in this report reflect annualized fees charged for the entire year. Because of deposits and withdrawals, tiered fee schedules, pro-ration of fees for new and terminated accounts, changes to fee rates, and fee credits, the Advisory Fee amount shown in this report may be different than a simple calculation of the Fee Rate times the quarter end account value divided by 4.

Note that your financial professional and LPL share the Advisory Fee portion of the Account Fee.

NOTICE FOR RECENTLY OPENED OR CONVERTED ACCOUNTS

If you have recently opened a new advisory account or your account has recently converted to a new advisory program, your new fee rate information data may not be shown on your statement. This may include fees paid YTD, Advisory Fee rate, and Manager Fee rate. All applicable fees have been withdrawn, and the aggregate amount of such fees are shown under Fees/Expenses in the Cash Activity Summary. The fee rate information will be available on your next statement.

LPL RELATIONSHIP SUMMARY AVAILABLE ONLINE

LPL financial professionals offer brokerage services, investment advisory services, or both, depending on their licenses. Brokerage and investment advisory services, and the fees we charge for them, differ, and it's important that you understand the differences. Our Relationship Summary explains the various services we offer, how we charge for those services, and conflicts of interest that exist when we provide our services. Please visit lpl.com/CRS to learn more.

INFORMATION ABOUT THE RMD SECTION ON THIS STATEMENT

Once you reach age 73, you are required by the Internal Revenue Service (IRS) to take annual Required Minimum Distributions (RMD) from your retirement accounts. Your first RMD must be taken by April 1 of the year after you turn 73. Subsequent RMDs must be taken by December 31 of each year. If you are already meeting your RMD requirements elsewhere you do not need to take a distribution from LPL Financial. The IRS still requires that LPL Financial furnish you with this information. If you need to make an RMD, please contact your financial professional to help you request this distribution.

The RMD was calculated using two assumptions as approved by the IRS. The first assumption is that the sole beneficiary of your IRA is not a spouse more than 10 years younger than you. The second assumption is that the actual balance in your account referenced above as of December 31, 2023, is the correct balance to use in calculating your RMD. If these assumptions are not accurate, please contact your financial advisor for a new RMD calculation.

PLEASE NOTE that if your IRA is holding assets the values of which are not readily ascertainable on an established exchange or generally recognized market, your ability to rely upon the year-end account balance as a basis for computing the required minimum distribution relating to your IRA will depend upon such balance reflecting the fair market value of such assets. Year-end valuation for these investments is usually not automated and may not become available until after December 31, 2023. Please review the value shown for any such asset on your year-end account statement and provide any other valuation information you may have for such asset to your financial advisor so that a new RMD calculation can be made. Please note that neither LPL Financial nor the Custodian of your IRA is responsible for any loss resulting from the valuation of any such asset.

LPL Financial and your financial professional do not provide legal or tax advice.

ACCOUNT PROTECTION LPL Financial is a member of the Securities Investor Protection Corporation (SIPC). SIPC provides protection for your account up to \$500,000, of which \$250,000 may be claims for cash, in the unlikely event that LPL fails financially. SIPC protection limits apply to all accounts that you hold in a particular capacity. For example, if you hold two accounts at LPL as a sole account holder and third as a joint account holder, the two individual accounts are protected under SIPC up to a combined limit of \$500,000, and the joint account is protected under SIPC separately up to \$500,000. LPL Insured Cash Account (ICA) and LPL Deposit Cash Account (DCA) are not protected by SIPC. Certain non-security investments including those listed in the Other Investments category are not protected by SIPC. To get more information on SIPC, including an explanatory brochure, call SIPC directly at (202) 371-9300 or go to www.sipc.org. The account protection applies when an SIPC member firm fails financially and is unable to meet its obligations to securities clients, but it does not protect against losses from the rise and fall in the market value of investments.

ACCOUNT TYPES For further information regarding the types of accounts available at LPL Financial and the differences between brokerage and advisory accounts, please visit lpl.com and go to Disclosures > Form CRS. Our goal is to ensure that you feel fully informed about the account options available to you.

ADJUSTED COST The cost basis of securities is subject to adjustment for return of capital, return of principal, original issue discount, bond premium, acquisition premium, market discount, partnership distribution, option premium, corporate action, and wash sale. Adjusted cost is used to calculate unrealized and realized gain or loss. When information is incomplete or missing, "N/A" is displayed and is treated as zero when calculating totals.

ADJUSTMENTS TO OPTION CONTRACTS As a general rule, corporate actions can result in an adjustment in the number of shares underlying an options contract, the exercise price, or both. Please review any adjustment to an option position. Contact your financial professional for further information about option contract adjustment or visit the Options Clearing Corporation (OCC) website to view information Memos at <https://infomemo.theocc.com/infomemo/search>.

LPL FINANCIAL LLC is an affiliate of LPL Financial Holdings Inc.

AGENCY If your broker-dealer acts as your agent, or as agent for both you and another person in a transaction, the transaction details, including the identity of the seller or buyer and the source and amount of any fees or payments will be supplied upon written request.

ASSET-BACKED SECURITIES The actual yield from transactions in asset-backed securities (e.g., CMO, FNMA, FHLMC or GINMA transactions) may vary according to the rate at which the underlying assets or receivables are repaid. Information about yield factors is available from your financial professional on request.

CHANGE OF ADDRESS Please notify your financial professional or LPL Financial promptly in writing of any change of address.

CHANGES TO FINANCIAL SITUATION OR INVESTMENT OBJECTIVES Please contact your financial professional if there have been any changes to your financial situation or investment objectives, or if you wish to impose or modify any reasonable restrictions on the management of your account. Contacting your financial professional will ensure that you will continue to receive advice that is tailored to meet your needs.

COST BASIS For assets not purchased in the LPL account, you or the previous broker-dealer upon transfer may have provided the Date Acquired and Cost Basis of the position. If no such data was submitted, "N/A" is displayed. Liquidating transactions are automatically paired against holdings on a First In, First Out basis. Designating liquidations as "versus purchase" will cause the trade confirmation or other closed tax lot notification to reflect the selected closed tax lots. Since the cost basis on transferred securities may have been provided by another source, the cost basis information on your statement may not reflect accurate data or correspond to data on your trade confirmations. For accounts electing average cost, the total cost may be computed using a combination of averaged and non-averaged unit prices for eligible securities.

DISCREPANCIES Please notify both your financial professional and LPL Financial immediately of any discrepancies on your statement. If your financial professional is affiliated with another broker-dealer, you must notify them as well. Please see contact information on page 1 of this account statement. Additionally, any verbal communications should be reconfirmed in writing to each of the above parties to further protect your rights, including rights under the Securities Investor Protection Act.

FRACTIONAL SHARE LIQUIDATION For information on fractional share transactions, please refer to LPL.com > Disclosures > Market & Trading Disclosures > Fractional Share Transactions.

FREE CREDIT BALANCES LPL Financial may use your free credit balances subject to the limitations of 17 CFR Section 240.15c3-3 under the Securities Exchange Act of 1934. You have the right to receive from us, upon demand in the course of normal business, the delivery of any free credit balances to which you are entitled, any fully paid securities to which you are entitled, and any securities purchased on margin upon full payment of any indebtedness to LPL Financial. Balances in Client Cash Account are free credit balances.

INVESTMENT RISK LPL Financial is not a bank, savings and loan, or credit union. Securities and insurance offered through LPL and its affiliates are not FDIC, NCUA- or government-insured, not endorsed or guaranteed by LPL, its affiliates or any other financial institution, are not a deposit, and involve investment risk including possible loss of principal.

LPL INSURED BANK DEPOSIT SWEEP PROGRAMS Cash in the Insured Cash Account (ICA) and LPL Deposit Cash Account (DCA) programs is protected by the Federal Deposit Insurance Corporation (FDIC). LPL Financial allocates your money to the ICA program to banks in the order of the Priority Bank List, and to the DCA program to any bank on the Available Bank List, in increments up to the programs' disclosed amounts until your balance in each of the ICA and DCA programs is allocated to the program max. All banks are FDIC members. FDIC coverage is \$250,000 per depositor per bank (\$500,000 for joint account holders). More information on FDIC insurance is available on request, or by visiting www.fdic.gov. LPL Financial is not a bank. Unless otherwise disclosed, securities and other investments obtained through LPL Financial ARE NOT FDIC INSURED, ARE NOT BANK GUARANTEED AND MAY LOSE VALUE.

MARGIN ACCOUNT If you use margin, this statement combines information about your investment account(s) and a special miscellaneous account maintained for you under Section 220.6 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the separate account required by Regulation T is available for your inspection upon request.

MONEY MARKET FUNDS Money market fund transactions, if any, are displayed chronologically. The 30-day yield for the fund is also reflected as of the statement date.

MUNICIPAL MATERIAL DISCLOSURE Copies of any material disclosures for municipal bonds are available in the Electronic Municipal Market Access (EMMA) system at www.emma.msrb.org. To obtain specific municipal bond information, enter the nine-digit CUSIP number in the search field in the EMMA site. If you do not have access to the internet or would prefer a physical copy of the material disclosure, please contact your financial professional. Additional municipal bond information that may be available on www.emma.msrb.org includes, but is not limited to, advance refunding documents, continuing disclosures including annual financial statements and notices of material events, real-time and historical trade data, daily market statistics, and education material.

N/A or "-" Data information that displays as N/A or "-" is missing or incomplete and is treated as zero when calculating totals.

OPTION CLIENTS Information on commissions and other charges incurred in connection with the execution of options transactions are included in the transaction confirmations provided to you. They are available upon request. Promptly advise your financial professional of any material change in your investment objectives or financial situation.

PRICING Prices shown should only be used as a general guide to portfolio value and may vary from actual liquidation value. We receive prices from various services, which are sometimes unable to provide timely information. Where pricing sources are not readily available, estimated prices may be generated by a matrix system or market driven-pricing model, taking various factors into consideration. Information that displays as N/A or "-" is missing or incomplete and is treated as zero when calculating totals.

PRINCIPAL If your broker-dealer is acting as principal in a transaction, your broker-dealer has sold to you or bought from you the security, and may have received a profit from the transaction.

PURCHASE COST The cost of assets purchased in the LPL account, excluding the cost of assets acquired by reinvested dividends and interest. The amount includes trade fees and commissions and excludes any accrued interest paid at purchase. The amount is subject to adjustment for return of capital, return of principal, original issue discount, bond premium, acquisition premium, market discount, partnership distribution, option premium, corporate action, and wash sale. For transferred securities, the amount could be the purchase amount or the adjusted cost amount you or the former institution provided to us. Transferred securities may not be included in Purchase Cost. When information is incomplete or missing, "N/A" is displayed and is treated as zero when calculating totals.

REGULATION All transactions are subject to the constitution, rules, regulations, customs, usages, rulings and interpretations of the exchange or market and its clearing house, if any where the transactions are executed, and of the Financial Industry Regulatory Authority (FINRA).

REINVESTMENT The dollar amount of mutual fund distributions, money market fund income, or dividends on other securities on your statement may have been reinvested in additional shares. You will not receive confirmations for these reinvestment transactions. However, you may request information on these transactions by writing to LPL Financial. LPL will also, if requested, furnish you with the time of execution and the name of the person from whom your security was purchased.

REVENUE SHARING LPL may have a fee arrangement with the investment advisor or distributor ("sponsor") of the mutual fund you have purchased, called revenue-sharing. In such case, the sponsor pays LPL a fee based on the amount of your purchase, and LPL provides marketing support to the sponsor and allows the sponsor to access your financial professional so that the sponsor can promote such mutual funds. This arrangement gives LPL a financial incentive to have LPL clients invest in participating mutual funds instead of funds whose sponsor do not make such payments to LPL. Although your financial professional does not share in this compensation, this conflict of interest affects the ability of LPL to provide you with unbiased, objective investment advice concerning the selection of mutual funds for your account. This could mean that other mutual funds, whose sponsors do not make revenue sharing payments, may be more appropriate for your account than the mutual funds whose sponsors make revenue sharing payments to LPL. For a complete list of the participating sponsors, and the range of fee payments, please visit LPL.com > Disclosures > Account Disclosures, Agreements, Fee Schedules & Conflicts of Interest > Third Party Compensation and Related Conflicts of Interest.

SWEEP OPTION Your account may provide for a daily sweep in an insured bank deposit sweep program-either LPL Insured Cash Account (ICA) or LPL Deposit Cash Account (DCA)-or a money market mutual fund. The balance in the ICA, DCA or money market mutual fund sweep may be liquidated on the customer's order and the proceeds returned to the securities account, or remitted to the customer. If you have any questions about your sweep option, including rates of the depository institutions currently participating in the sweep option, or you would like to change your sweep option, please contact your financial professional.

TRADING AWAY POLICY Additional information regarding trading practices of equity portfolio managers on Manager Select and Manager Access Select is available on LPL.com > Disclosures > Market & Trading Disclosures > Third-Party Portfolio Manager Trading Practices.

Rate of Return Summary

This section of the account statement details performance of your advisory account with LPL Financial. Returns reflect the historic performance of the account and include the performance of all investment styles of the portfolio manager(s) selected since account inception. Returns are expressed as a percentage, calculated on a time-weighted basis and presented net of the advisory fees and any applicable transaction charges. The impact of other fees and charges is not reflected. The performance of the benchmark represents the historic performance of only the benchmark, which corresponds with the currently selected investment style, and does not reflect the deduction of any fees. Past performance is no guarantee of future results.

If the investment style chosen is a multi-discipline or multi-model portfolio, the benchmark displayed represents the blended benchmark for the investment style chosen and is calculated using a weighted average of the indices, in the percentages specified rebalanced monthly, as noted in the chart below.

Index Based Benchmarks

You should consider the following points when comparing account performance to benchmark or other indices that may be displayed. The benchmarks above are calculated using the month-end value of the index for each day of the month, rather than the actual daily value of the index. In addition, several of the other indices, which may be displayed, only publish performance figures monthly. Since the account performance is displayed for the actual number of days the account was opened, you should consider this disparity in time periods for the initial period when comparing account performance to the indices.

This information has been prepared from data believed reliable but no representation is made as to accuracy or completeness.

Performance calculations and figures should not be relied upon for tax purposes. Your financial professional does not provide tax advice. For tax advice, please contact your tax advisor.

Indices and benchmarks are unmanaged and cannot be invested into directly. If you need additional information regarding the indices and benchmarks that may be displayed, please contact your financial professional.

* Noncovered under the cost basis rules as defined below.

Generally, securities acquired before 2011, in retirement accounts or held by Non-U.S. entities are not subject to the cost basis reporting rules set forth in the Internal Revenue Code of 1986, as amended by the Emergency Economic Stabilization Act of 2008, and are marked as "noncovered". Securities marked as "covered", were identified as securities potentially subject to the cost basis reporting rules and may be reported to the IRS on form 1099-B for the applicable tax year in which the securities are disposed.

Note: In the event where we cannot easily determine the taxability of an account, we may mark the account as noncovered. However, if the account does not receive a 1099B, the cost basis will not be reported to the IRS.

3 Either all or a portion of the cost basis of this security has been provided to us by you or your introducing firm and Pershing makes no representation as to the accuracy of this information.

5 Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

† This line is an aggregation of shares in this position, representing shares acquired at different times and/or dates. This summary is a sum of these shares and does not represent cost basis calculated using the average cost accounting method.

Portfolio Holdings Disclosures

Pricing

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices, unless otherwise noted, have been obtained from independent vendor services, which we believe to be reliable. In some cases the pricing vendor may provide prices quoted by a single broker or market maker. Market prices do not constitute a bid or an offer, and may differ from the actual sale price. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

THE AS OF PRICE DATE ONLY APPEARS WHEN THE PRICE DATE DOES NOT EQUAL THE STATEMENT DATE.

Estimated Annual Figures

The estimated annual income (EAI) and estimated annual yield (EAY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable; however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/disclosures for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

Reinvestment

The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your statement may have been reinvested. You will not receive confirmation of these reinvestments. Upon written request to your financial institution, information pertaining to these transactions, including the time of execution and the name of the person from whom your security was purchased, may be obtained. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow.

Option Disclosure

Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or

financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions

Pershing will execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote

Securities not fully paid for in your margin account may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin may be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Variable Rate Securities

Interest rate data for certain complex and/or variable rate securities is provided to Pershing by third-party data service providers pursuant to contractual arrangements. Although we seek to use reliable sources of information, the accuracy, reliability, timeliness, and completeness of interest rate data may vary sometimes, particularly for complex and/or variable rate securities and those with limited or no secondary market. As a result, we can offer no assurance as to the accuracy, reliability, timeliness, or completeness of interest rate data for such securities. Pershing may also occasionally make interest rate updates and adjustments based on its reasonable efforts to obtain accurate, reliable, timely, and/or complete interest rate data from other data sources, but we can similarly provide no assurance that those rates or adjustments will be accurate, reliable, timely, or complete.

When updated interest rate data is received from a third-party data service provider or adjusted by Pershing, the updated data will be reflected in various sources where interest rate data is used or viewed, including both paper and electronic communications and data sources. Prior use or communication of interest rate-related data will not be revised. Since variable interest rates may be subject to change at any time and are only as accurate as the data received from third-party data service providers or otherwise obtained by Pershing, interest rate data should not be relied on for making investment, trading, or tax decisions. All interest rate data and other information derived from and/or calculated using interest rates are not warranted as to accuracy, reliability, timeliness, or completeness and are subject to change without notice. Pershing disclaims any responsibility or liability to the fullest extent permitted by applicable law for any loss or damage arising from any reliance on or use of the interest rate data or other information derived from and/or calculated using interest rates in any way. You should request a current valuation for your securities from your financial adviser or broker prior to making a financial decision or placing an order or requesting a transaction in these securities.

Schedule of Realized Gains and Losses Year-to-Date (continued)

Generally, securities acquired before 2011, in retirement accounts or held by Non-U.S. entities are not subject to the cost basis reporting rules set forth in the Internal Revenue Code of 1986, as amended by the Emergency Economic Stabilization Act of 2008, and are marked as "noncovered". Securities marked as "covered", were identified as securities potentially subject to the cost basis reporting rules and may be reported to the IRS on form 1099-B for the applicable tax year in which the securities are disposed.

Note: In the event where we cannot easily determine the taxability of an account, we may mark the account as noncovered. However, if the account does not receive a 1099B, the cost basis will not be reported to the IRS.

This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes, especially for noncovered securities. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. In addition, corporate action events may require adjustments to your original cost basis. Return of capital information and cost basis information, as it relates to corporate actions, has been obtained from sources we believe to be reliable.

Adjustments to cost basis can be made after year-end, in particular, for return of capital adjustments, but may also include adjustments for corporate action events. Therefore there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports, including your 1099-B or online displays you may have available to you. When you report your cost basis on your tax return, it should be verified using all of your own records. In particular, there may be other adjustments which you need to make, but are not required to be made by Pershing as it relates to H.R. 1424. You should consult with your tax advisor in order to properly report your gain or loss for tax purposes. Pershing shall not be responsible for and makes no representations or warranties with respect to the accuracy of any information that you report to the IRS or other taxing authorities, and, accordingly, disclaims any and all liability that may arise with respect to your use and reliance on the information provided herein for such reporting.

Please refer to the Your Account Information Section in your brokerage account statement for your account's existing tax-lot disposition method. The disposition method is the method which you have selected to use in the disposal of each tax lot of the securities held in your account. If you do not select a method, your account will be defaulted to First In, First Out (FIFO). Your account's selected tax lot method will be used to determine the cost basis for calculating gain and/or loss, unless another method was selected at the time of the security disposal, and this may be reported on the IRS Form 1099-B.
